

**strapex**

## Product securing during transportation for production, trade and logistics

**Strapping**

**Wrapping with stretch film**

# System solutions for production, trade and logistics

## Strapping

### Strapex Endsealer – the specific and proven strapping system

- Fewer coil changes due to larger coils resulting in less machine interruption
- Simple integration into existing conveyor systems
- Exact strap positioning
- Reduction of packaging costs due to making use of light straps
- High availability

## Product securing during transportation

## Bundled products

Machines for horizontal and vertical strapping

Machines for strapping of bundled products

## Shipping boxes Printed matter Protection (pilferage)

For use as a stand alone machine or integrated into a packing table

Machines with integrated conveyors for new or existing packaging lines

## Wrapping with stretch film

Semi-automatic machines with turntable system

Fully automatic machines with ring system, as a stand alone machine or integrated into new or existing packaging line

# System solutions

## Product securing during transportation

### Horizontal strapping

1, 2  
Strapping with Endsealer technology

3  
Strapping of stacked single packed units (arch machine)

4, 5  
Battery-powered hand tools for plastic strapping

**Vertical strapping**

1  
Strapping with Endsealer technology

2, 3  
Strapping of large packed units and metal grills

4  
Battery-powered hand tool for plastic strapping

5  
Hand tool for steel strapping: manual tensioning and sealing

**Wrapping with stretch film**

6  
Semi-automatic machine

7  
Fully automatic installation for wrapping of mixed pallet loads

# Bundled products

1, 2, 3  
Vertical strapping with  
Endsealer technology:  
cables, stacked tyres and  
wood bundles

4, 5
